POSTER COMPETITION FOR CHILDREN

5 TO 16 YEARS OF AGE

150

1865-2015

innovating together

LET'S DRAW THE FUTURE!

...and HAVE A CHANCE TO WIN A TABLET!

Today, we are connected to our friends through our mobile phone, tablet and home computer. We send text messages, make calls, post updates and share photos. These are all ways of communicating, with our friends, family and the rest of the world.

In the future, everything and everyone will be connected... in new ways. We can only begin to imagine how different things will be.

When you close your eyes and think of the future, what do you see?

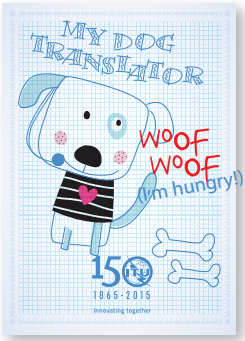
Imagine and then draw your vision of a connected world in 2065!

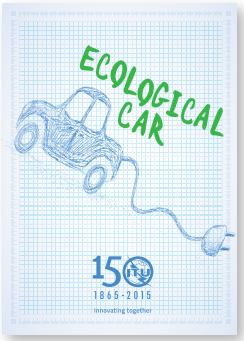
There will be 3 age categories:

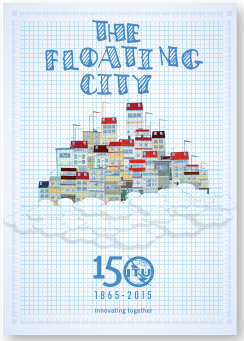
- **5-7 years**
- **8-11 years**
- **12-16 years**

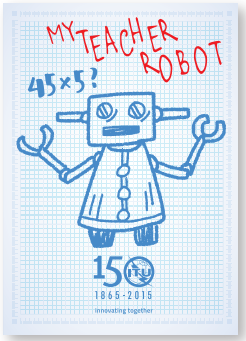
Please consult **http://itu150.org/home/** for full details on how to enter.
Entrants are required to read the Terms and Conditions and have authorization of their Parent, Guardian or teacher to enter.

Winners will be announced before ITU's 150th Anniversary Celebration 17 May 2015.









About ITU: ITU is the United Nations specialized agency for information and communication technologies. Together, our member governments, companies and academia make sure that you can connect and communicate with anyone, anytime, anywhere in the world. On 17 May 2015, we are celebrating our 150th birthday.
